Sub : **Applied Research and Innovation in Forest Directorate.**

Ref. This office Memo No. 12621/CS/2M-1366/18 dt. 05.03.18 and letter of DFO, Publicity's No. 398(22)/82/Pub-18 dt. 09.04.18 and 852/8-1/Pub-18 dt.14.08.18.

Sir/Madam,

It is a matter of great concern that in spite of clear directions and different letters issued to you from this office for submitting popular reading material not more than 5 pages on the topic of your Applied Research and Innovative ideas which were decided in a meeting held on 27.02.18, **you have not submitted any paper since more than 6 months have passed. The matter has been viewed very seriously at this end.** Out of 22 topics selected for 22 officers, only 6 papers have been received in this office. You are aware that the next issue of 'Bonobithi' will be published during Wildlife Day Celebration which is generally held between October and December. From the fact that you have not submitted any Popular Reading Material regarding your innovative research, it seems that your applied research and innovative work has not progressed. Please be informed that as decided earlier you all were requested to give the detailed presentation in a workshop which is supposed to be held on 26-27<sup>th</sup> Sept.;18. **In this connection, this is further to state that as your research paper has not been received in any form at this office, the said workshop has been deferred to 11-12<sup>th</sup> October, 2018.**

You are, therefore, once again directed to first send a Popular Reading Article related to your work in not more than 5 pages with high quality photographs for publishing the same in the coming Bonobithi and then complete your research work and prepare a 'Power Point Presentation' along with full document of your research work. Each and every officer will be given 30-40 minutes for presenting their innovative research work before the senior officers of the Directorate. The full article shall be also be handed over on the day of presentation so that a compilation of all the research and innovative ideas done by you can be published in the form of a book.

This should be given due priority.

  
( N K PANDEY )

Principal Chief Conservator of Forests &  
Head of Forest Force, West Bengal

NO. 5929 /CS/2M-1366/18

Date : 13.09.18
